**The Duncan – always ready to go, always on the move. Whether during daily life or on holiday: This ultra-compact multifunctional motorhome is ready for any destination.**

A quick trip to the building centre? Taking young footballers to an away game? Or driving to a meeting with a mobile mini-office? The **Duncan** gives you all the freedom you need. Whether for leisure, family or work: make every day an expedition. Especially since the **Duncan** is a real travel pro.

With its comfort furnishings and superior engine, it not only handles any everyday task dynamically, but is also the ideal companion for a short weekend trip or a long-planned outdoor holiday.

*The Duncan – a buddy and a travel companion with optimal everyday characteristics.*

## COMPACT CAMPERS

# IN THE SPUR OF THE MOMENT.

It can be anything but boring. With ultra-compact dimensions and variable interior space, the Duncan is equally suited to city driving and adventure touring.

4.98 m or 5.34 m long and 2.08 m wide: with the **Duncan**, you can easily navigate city traffic. It even makes it easy for you to find a parking space. With a height of just 2.08 m, you can find space in some modern multi-storey car parks.

*Good night, mosquitoes!  
Effectively protected by  
mosquito screen openings.*

Back in nature, you can unfold the extremely flat pop-up roof with gas shock absorber support and make yourself comfortable on a double bed with spring plates or slatted frame (Duncan 545) under the mattress.

*That's a lot of features.  
And still so much room  
for fun.*

*Bedded on spring plates. For total  
sleeping comfort on the road (Duncan 495).*

*Enjoy your meal.  
The kitchen invites you to cook.*

# ALL IN, ALL ON, ALL GOOD.

**Sleep, cook, relax? Everything can be arranged. In the living area, you do not have to do without any comfort. It's nice to be far away, but still at home.**

Compact on the outside, spacious on the inside. The **Duncan** provides a surprisingly clever use of space and a variable interior. For example, the bench can be moved or removed in just a few easy steps. Do you need another surface to relax on? Just fold it out. A kitchen with a cooker, sink, fridge, storage cupboards – everything is there. A table to mount or set up in front of the vehicle is hidden in the side door. When are you leaving? The **Duncan** is as ready and as flexible as you are.

### Special highlights:

- ⊗ A high-quality yet robust interior
- ⊗ Modular three-seater bench on sliding rails (Duncan 545: two-seater bench)
- ⊗ Pop-up roof with air-suspension
- ⊗ 4.98 m or 5.34 m long, 2.08 m wide, 2.08 m high
- ⊗ Dynamic handling with up to 170 HP

# PACKED WITH LEISURE.

Whatever you have in mind, wherever you want to go – there is always something to transport. It's a good thing the Duncan is so practical and nimble.

*A full load of recreation.  
Whether in the city or the  
country. **Duncan 495***

It doesn't have to be a big trip. The **Duncan** also feels right at home on a shopping trip in the city. A piece of furniture? A couple of cases of drinks? The week's groceries? No problem, the **Duncan** can take it all. Leisure and sports equipment are also in good hands here.

And by the way, it also looks stylish. Add automotive specifications with a host of safety and connectivity features that are every bit as good as those in an up-market passenger car. The **Duncan** is a multifunctional everyday vehicle with lifestyle character. Just the right thing for active leisure time.

# THE NEW DEXTER

# UP AND AWAY.

**Sometimes it really doesn't take much to be happy. A weekend holiday and a cosy spot, for example.**

Okay, a little sun would be nice too. And a fresh breeze, if it can be arranged. Oh, and most importantly, silence. But otherwise please don't bother. Anything else would just serve as a distraction from what matters. From the salty sea air, the gentle rocking of the waves and the ships passing slowly on the horizon.

This is the perfect place to enjoy the harmony of the moment. And to think about where you want to spend a nice day tomorrow. But first, you can look forward to the night – the perfect sleeping place is waiting. A lift bed with a wonderful camper van around it.

DEXTER 4x4

FIXED ITINERARIES?

WE'D RATHER GO  
OUR OWN WAY!

**It is often the difficult paths that lead to the most wonderful places.**

Sometimes they are not even paved – and in bad weather they are often nearly impassable for a normal motorhome. This isn't a problem for the **Dexter 560 4x4** and the **Dexter 570 4x4**. With their indestructible all-wheel drive, they guide you safely over difficult terrain and offer you many new ways to enjoy your holiday.

DEXTER 580,  
600 AND 625

## WITH THE GREATEST PLEASURE.

The Dexter has a character all its own. It does a lot of things differently, and yet in the end it delivers something very familiar: a feeling of independence of the most relaxed kind.

In the **Dexter models 580, 600 and 625**, you can enjoy individual sleeping comfort for two and, in addition, every comfort imaginable. And plenty of space as well – for example with the optional adjustable roof including an additional bed under a starry sky.

## DEXTER 550 FOR THE WELL-RESTED!

Heavenly, a lift-up bed like this. It only takes up space when it's actually needed.

In between, you have more storage space or leisure space – whichever and however you want. The **Dexter 550** is a small space miracle, whereby this is mainly due to the lowerable lift-up bed, which makes your Dexter practically a two-storey structure. This means you can relax upstairs while someone else is reading a book in the comfortable seating area below. Or perhaps reading a road atlas would be more appropriate?

# EMBRACING THE ENTIRE WORLD ON FOUR WHEELS.

Do you prefer to feel the salty taste of the sea on your tongue, or enjoy the natural tranquillity of the mountains? Only you can decide that. But no matter which time-out option your heart longs for, the new interior in the Dexter models will offer you a harmonious interplay of style, passion and ingenious functionality.

Field-tested: the new cabinet flaps and handles

Stylish and comfortable? The new, contoured seat upholstery.

#### Particular highlights:

- ⊗ robust furniture in a rugged, natural wood look
- ⊗ Elegant kitchen
- ⊗ Superb winter suitability
- ⊗ High-quality mattresses
- ⊗ Leather-look window shades
- ⊗ Frame trim in imitation leather look

A real feast for the eyes.  
Kitchen unit  
in high-gloss black.

Practical: adjustable reading lights,  
including USB ports

The new interior of the Dexter models combines elegant, traditional design with modern creativity. The contrast of natural wood, a light leather look and high-gloss black makes your dream holiday shine even brighter. The green washroom wall enlivens the interior and gives it a dynamic freshness. The new interior also impresses with a wealth of practical functions. From the enlarged rear storage space with folding slatted frames on the double beds to the washroom with a swivel WC and shower wall, and even adjustable reading spotlights and USB ports: your wanderlust has even more room to unfold.

Creating structure: the green  
shower wall as a room divider.

This is how modern elegance works:  
traditional style with lively contrasts.

Ingeniously functional: maximum  
use of space with a swivel WC,  
folding washbasin and swivelling  
shower wall

**You can never have enough space or enough comfort and nobody has ever complained about having too much style.**

After all, the compact **Davis 540** not only provides room for impressive design, but for everything else as well. A bathroom with a shower, a modern kitchen finish, a wide dinette window, a generous double bed, high-quality furnishings, plenty of storage space and yet it still feels spacious. Even in the cab, which offers a remarkable amount of headroom. The best visibility is provided anyway, but not for others looking in.

This is due to the new, optional front darkening feature, which provides more privacy and less sunlight. Speaking of the weather, all Davis models can be used all year round thanks to their elaborate insulation and winterproof diesel heating.

# A BREATH OF FRESH AIR FOR YOUR HOLIDAY PLANNING.

Pure camping enjoyment without sacrificing comfort is what you can expect when travelling with the Davis Lifestyle with a pop-up roof. The compact campervan combines a lot of features under a single roof. And that is a real highlight in itself. Just raise it for plenty of fresh air and an unobstructed view of the sky.

You'll probably see the big constellation as well. The **Davis Lifestyle** with a pop-up roof is actually not all that big, but extremely spacious. And if even more space is needed, the vehicle can be extended by a whole floor. A huge win, especially at night. After all, the extended height also creates space for two new, wonderful sleeping berths. This extra space is provided by a pop-up roof that can be raised in just a few easy steps, thus giving you a completely new, noticeably more airy feeling of space. This is how the Davis brings a breath of fresh air to your holiday. Would you like to bet on it?
